

Let Angie's List collect reviews for you

Introducing Fetch, the Angie's List review retrieval program!

New reviews are crucial to your success on Angie's List. Why? New reviews dictate your overall rating:

- The more reviews we have on your company, the more attractive you look to members.
- Quantity and quality of reviews help boost your grade.

Here's how it works:

- Share your customer list with us.
- We'll compare your list to our list of members.
- A dedicated team of Angie's List Neighborhood Specialists will contact only those customers that are Angie's List members and take their review right over the phone.

Fetch process details:

- Our goal is to have all calls completed within 10 business days of the Fetch list being submitted.
- The preferred format for list submissions is Microsoft Excel. We can provide a formatted file, ready to use.
- Angie's List will not contact any customer that is not already an Angie's List member. Nor will we use that information for any other purpose. A non-disclosure agreement is available upon request.

"I can't believe how well the Fetch program worked for my business. Before the program I got one review in six months. Fetch got me 10 reviews in one week! I have leapfrogged my next closest competitor who has only 2 reviews. I'll certainly do this again."
